That the following be added as Rule 8b (Marginal Rule 872b):—

"8b. The Registrar, as well as the parties and their legal agents, shall endeavour to exclude from the Appeal-book all documents and notes of evidence that are not relevant to the subject-matter of the appeal or necessary for its decision, and generally to reduce the bulk of the Appeal-book as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents; but the documents omitted to be copied or printed shall be enumerated in a list to be placed after the index or at the end of the Appeal book."

That the following be added as Rule 8c (Marginal Rule 872c):—

RULES AND REGULATIONS UNDER THE
"WATER ACT, 1914."

HIS HONOUR the Lieutenant-Governor in Council has, by an Order in Council approved on the 22nd day of February, 1921, and numbered 249, been pleased to make and pass the following Rules and Regulations under the "Water Act, 1914," and to rescind and revoke all former Rules and Regulations.

RULES AND REGULATIONS UNDER THE
"WATER ACT, 1914."

INTERPRETATION.

1. In these Rules and Regulations, unless the context otherwise requires, the words and expressions interpreted in section 3 of the Act shall have the meanings assigned to them by said section, and in addition the following expressions shall have the meanings hereby assigned to them:—

"Application fee" means the fee prescribed by these Rules and Regulations to be paid in respect of any application for a licence made in pursuance of Part V. of the Act:

"Rental" means the annual fee prescribed by these Rules and Regulations to be paid on any licence or authorization heretofore or hereafter issued pursuant to the Act; or on any grant, licence, Order in Council, or contract of, for, or affecting the use of water within the Railway Belt, granted or made before the 1st day of June, 1912, by or on behalf of the Government of Canada:

"Quantity applied for" means the quantity or flow of water applied for in the application for a licence made in pursuance of Part V. of the Act:

"Quantity allowed" means: (1) In respect of irrigation purpose, the maximum quantity of water which may be used when all the lands to which the right extends are being irrigated; (2) in respect of all other purposes, the maximum quantity of water the diversion or use of which is authorized by the licence or other authority in respect of which a rental is prescribed by these Rules and Regulations:

"Survey-construction period," in respect of authorizations and licences for power purposes, means the period beginning with the date on which the authorization or licence is issued pursuant to section 78 of the Act and ending with the commencement of the operation period:

"Operation period," in respect of licences for power purpose, means the period of the life of a licence subsequent to the completion of the works or some unit thereof and the putting of water to beneficial use.

2. These Regulations are divided into four parts, relating to the following subjects:—

- I. Fees and Rentals.
- II. Special Provisions respecting Power.
- III. Entry on Crown Lands.
- IV. Miscellaneous Provisions.

PART I.

FEES AND RENTALS.

3. The fees and rentals set out in Schedule A hereto in respect of water applied for, used, or taken, and of the rights, powers, and privileges acquired by any licensee under the Act, and in respect of any proceeding under the Act, are hereby reserved and fixed, and the said Schedule is hereby declared to be incorporated in and to be part of these Rules and Regulations.

4. All rentals shall be payable in advance for the calendar year, and shall be due on the 1st day of January, and shall be payable on or before the 31st day of December in such year. If not paid on or before the said 31st day of December, they shall bear interest at the rate of 6 per centum per annum until paid.

5. When considering an application, the Comptroller shall settle the amount of the application fee and of the rental payable under the terms of Schedule A hereto, and, if the sums previously paid to him by the applicant be less than the aggregate of the amounts so determined, shall, before issuing the licence, collect the deficiency from the applicant.

If the said sums be greater than the said aggregate, the Comptroller shall either refund the excess to the applicant or shall apply it in payment of rentals coming due subsequently, as he deems expedient.

6. Should an application be withdrawn before it has been adjudicated upon by the Comptroller, he shall retain all moneys received as application fee. The Minister may decide what proportion (if any) of the amount tendered as rental shall be returned to the applicant.

7. In cases where an application has been refused and the Comptroller is satisfied of the *bona fides* of the applicant in making it, all sums tendered as application fee and rental shall be refunded to the applicant forthwith.

8. Where by the amendment of a licence or by the substitution of one form of licence for another the quantity allowed is changed, the Comptroller shall readjust the rental and shall determine from what date the readjustment shall take effect.

PART II.

SPECIAL PROVISIONS RESPECTING POWER.

9. This Part applies to applications, licences, and authorizations for power purpose.

10. The application fee on an application for power purpose shall be based on the amount of power, expressed in horse-power, which it is estimated can be developed at the power-site from the flow of water applied for. It shall be determined as the continued product of the following factors:—

- (a.) The flow of water applied for expressed in cubic feet per second:
- (b.) The average available static head in feet:
- (c.) The factor 0.08:
- (d.) The rate per horse-power according to Schedule A.

Until the static head has been established by survey the Comptroller shall make an estimate thereof from the data available: Provided that after the said head has been established the application fee may be readjusted in accordance therewith, and any excess or deficiency in moneys paid on account thereof, or on account of rental based thereon, shall be added to or deducted from the next rental.

(NOTE.—The factor 0.08 represents, at 70 per cent. efficiency, the fraction of a horse-power produced by the weight of 1 cubic foot of water falling 1 foot in 1 second.)

11. The first rental shall be paid at the same time as the application fee, and shall cover a period of twelve months from the date of the authorization, or of the licence when no authorization is issued. The second rental shall be due on the 1st day of January following the date of the application, and the amount thereof shall be adjusted by the Comptroller to complete payment of rental for the current calendar year. All subsequent rentals shall be for the succeeding calendar years.

12. During the operation period the rental shall be based on:—

- (a.) The estimated output of the plant for the year:
- (b.) The estimated undeveloped power under the licence:
- (c.) The appropriate rates per horse-power year as set out in Schedule A.

The estimated output of the plant for the year shall be based on all data available to the Comptroller, and he may use the actual output of the plant for the previous calendar year if he considers it a reasonable utilization of the developed portion of the privilege, or he may fix the quantity at such percentage of the rated capacity of the plant as in his opinion represents a reasonable use thereof.

The estimate of the power in excess of the developed portion of the privilege available to the licensee shall be determined as the difference between the continued product of factors (a), (b), and (c) as set out in clause 10 hereof and the normal rated capacity of the plant.

13. (1.) The Board shall from time to time classify the water-power plants in the Province into groups. It shall at least once in every five years determine, within the limits defined in Schedule A, the respective rates payable per horse-

power year for the various groups. The rentals shall be fixed in accordance with such rates.

(2.) The rates so determined shall apply until the Board makes a redetermination as above provided.

(3.) Until the first classification and the determination of the rates has been completed the Board may, within the limits prescribed by Schedule A, set an arbitrary rate per horse-power year on the output of a plant, and the rental shall be fixed in accordance therewith. Any payment in excess or deficiency of the rental as later determined shall *pro tanto* be deducted from or added to the next payment due.

(4.) In determining the rate, the Board shall consider the natural advantages of the site for the production and marketing of power in comparison with those of other water-power plants in the Province. It shall also consider the comparative cost of producing and marketing power by the use of the water-power plant under consideration and that of producing and marketing power by the use of fuel or by other water-power plants.

(5.) To this end the Board shall take into account in either case:—

- (a.) The fixed charges based on the cost of each entire plant and works;
- (b.) Maintenance and depreciation;
- (c.) Labour and administration;
- (d.) Loss caused by irregularity of stream-flow and necessity of supplementing the water-power by steam or other power;
- (e.) Cost of fuel;
- (f.) Length of primary transmission;
- (g.) Market for power;
- (h.) Any other factors relevant to the inquiry.

PART III.

THE ENTRY UPON CROWN LANDS.

14. A permit shall contain among other things:—

The name of the person to whom it is granted:
A description of the water licence in respect of which it is granted:

A description of the lands to which the easement granted by the permit is appurtenant:
A description of the land to be crossed:

A description of the land to be occupied or used:
The rental to be paid therefor:
The period for which the permit is granted.

It may also contain:—

Permission to cut and carry away timber from the lands covered by the permit and the royalty and stumping to be paid for the same:

Provisions that the land shall be surveyed and plans thereof, signed by a surveyor or engineer approved by the Minister, filed with the Comptroller within a stated period:

A reservation to the Crown of the right to grant permits to other persons to enter upon, use, or occupy the same lands:

A statement to the effect that the permit is subject to all the terms and conditions of the Act and of the licence, and that if the licence lapse, expire, be abandoned, cancelled, or declared null and void, the permit shall *ipso facto* become null and void and of no effect and all the rights held thereunder shall revert to the Crown:

A statement to the effect that in the regulation, by any competent public authority, of the service to be rendered or the prices to be charged by a licensee who holds a permit, such permit and the rights held thereunder shall not be estimated or considered as property upon which the licensee shall be entitled to earn or receive any return, income, or price of compensation whatever:

A statement to the effect that upon the purchase or taking-over by the Province or by any person with its authority, or by any municipal corporation or improvement district, of the works or business or any part thereof of a licensee who holds a permit, no value shall be assigned to or allowed for any right of entry upon or use or occupation of lands authorized under the permit:

Such special terms and conditions relating to the particular case as the Minister shall consider necessary.

15. Where it is deemed advisable in the public interest, the Minister may grant to other persons, on such terms as he may deem just, the right to use works constructed on lands covered by a permit in common with the holder thereof.

16. The rental reserved in any permit shall at the expiration of twenty years from the date thereof, and thereafter from time to time, be subject to revision by the Minister: Provided that the rental fixed by any such revision shall remain in force for a period of ten years at least before being again revised.

17. Upon the issue of a permit, the Minister may cause to be published, at the expense of the licensee, in two consecutive issues of the Gazette a notice that the licensee has been authorized to enter upon certain lands under the terms of the permit for the purpose of constructing, maintaining, and operating the works authorized under his licence. In such notice the lands to be entered upon may be described in detail or by reference to the plans filed in the Comptroller's office.

PART IV.

MISCELLANEOUS.

18. In cases where the Act requires a petition to be presented to the Lieutenant-Governor in Council or to the Minister, unless the Act otherwise provides, the petition, together with two copies thereof, shall be filed with the Comptroller.

19. The Comptroller shall examine the petition and shall decide whether a copy thereof shall be filed with the Water Recorder of the district, and what (if any) notice of the petition shall be posted, served, or published, and shall notify the petitioner accordingly.

20. The Minister may instruct the Board to investigate the matter which is the subject of any such petition and make a report thereon either to himself or to the Lieutenant-Governor in Council.

21. (1.) No licensee shall be required to pay rentals in respect of any licence the rights and privileges of which are being administered by an improvement district.

(2.) Every improvement district shall pay rental at the rate fixed by Schedule A upon the total quantity of water used by it without reference to the particular licence or portion of a licence authorizing the diversion of any such water.
